

# Upper Flint Regional Water Council Member Survey

October 2019

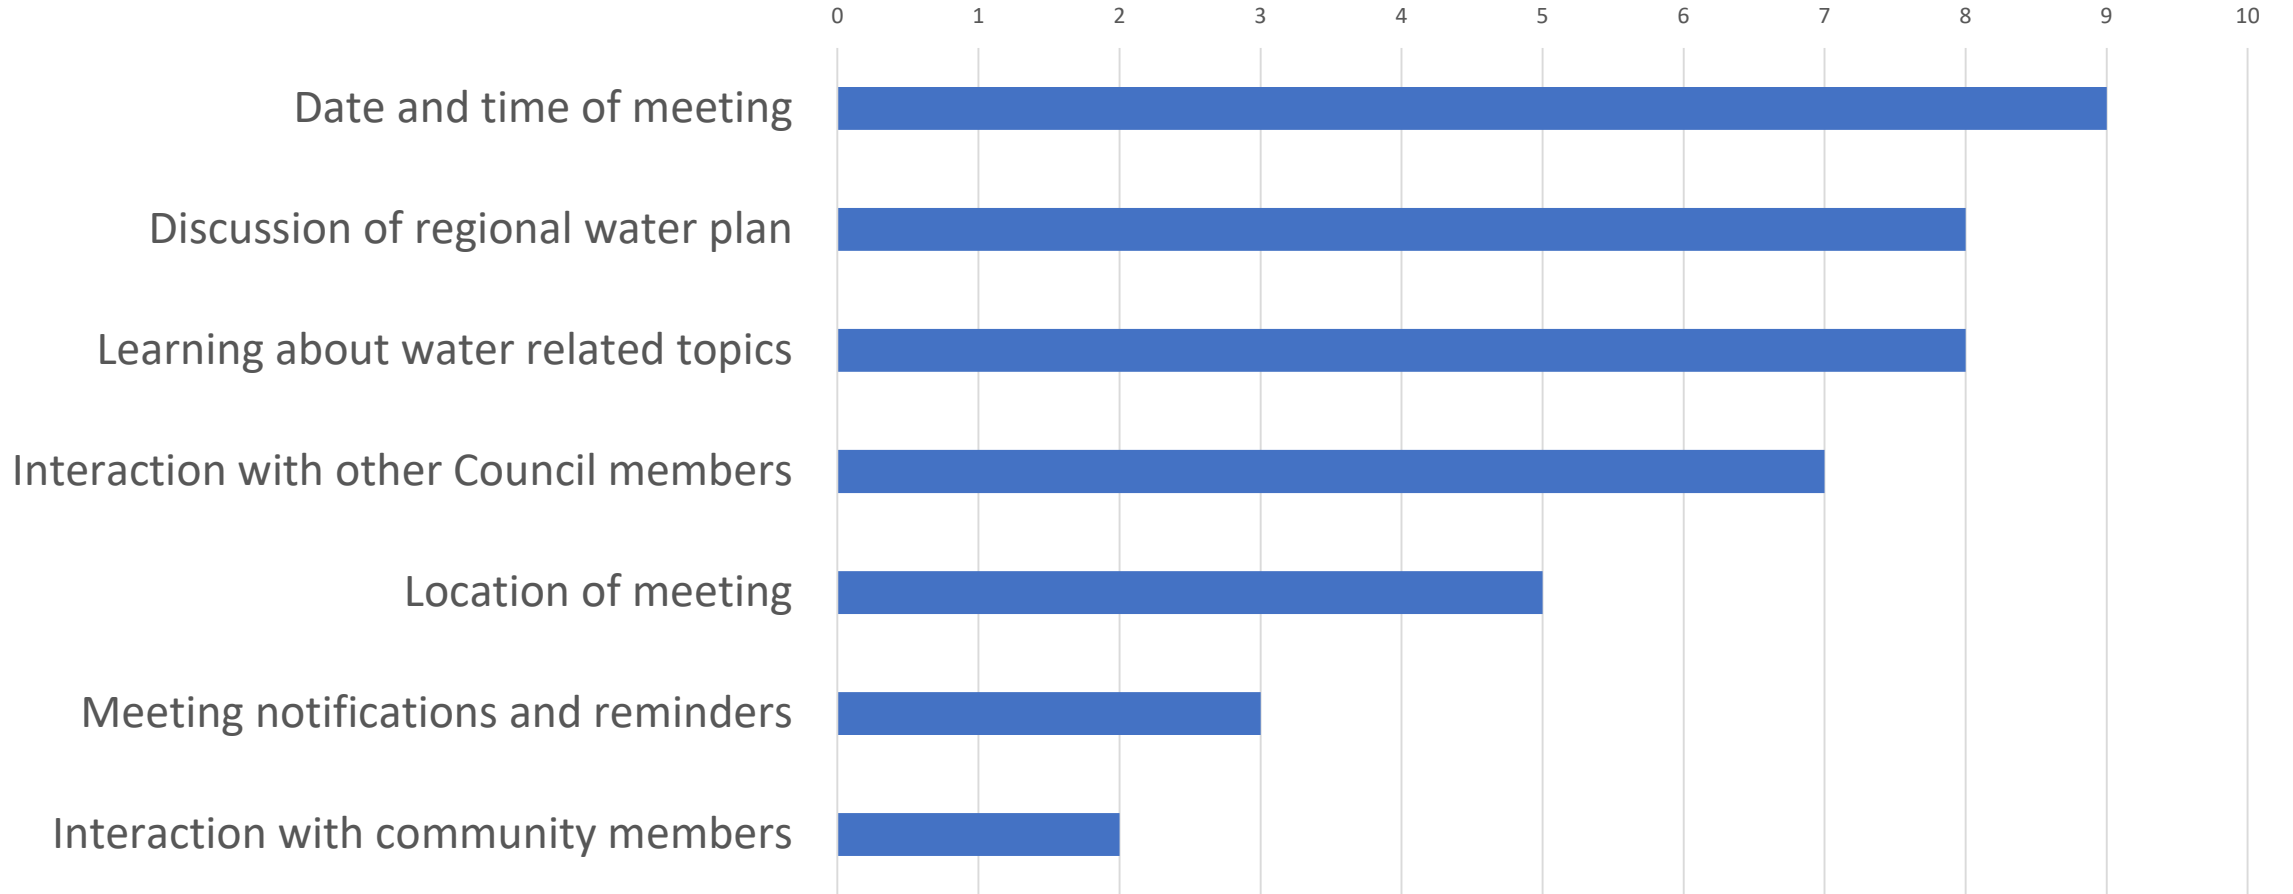

**How many Upper Flint Water Council meetings have you attended so far in  
2018 & 2019?**

# What factors make it more likely that you will attend a Council meeting?

(You can check more than one response.)

## What suggestions do you have for topics to learn about at an upcoming Council meeting?

<b>ACF Conflict</b>	Status/Expected implications
<b>Upper Flint Water Council and Plan</b>	Our role and impact Evaluation of our work to date Implementation of the regional water plan How to improve plan implementation
<b>Drought Management &amp; Climate Resilience</b>	Water supply sources (groundwater vs. surface water) Has our water plan helped in drought management
<b>Outreach</b>	What are examples of effective community outreach efforts?
<b>Funding sources</b>	Support for projects to improve water quality and water availability

**Are there management practices, recommendations, or other parts of the regional water plan that you would like to discuss at an upcoming Council meeting?**

<b>Funding</b>	Support for implementation of our regional water plan
<b>Water Supply</b>	Groundwater vs. surface water
<b>Regional Trends</b>	Changes in population, industry, and agriculture to consider in regional water plan
<b>Flint Flows</b>	Learn more about efforts by American Canoe Association and American Rivers
<b>Wastewater Treatment</b>	Alternatives to land application

**Do you have a suggestion for a possible field trip that would be informative for the Council?**

Still Branch Regional Reservoir Facility

Griffin water and wastewater systems

Yes, field trips!
