

Middle Chattahoochee Regional Water Council Member Survey

October 2019

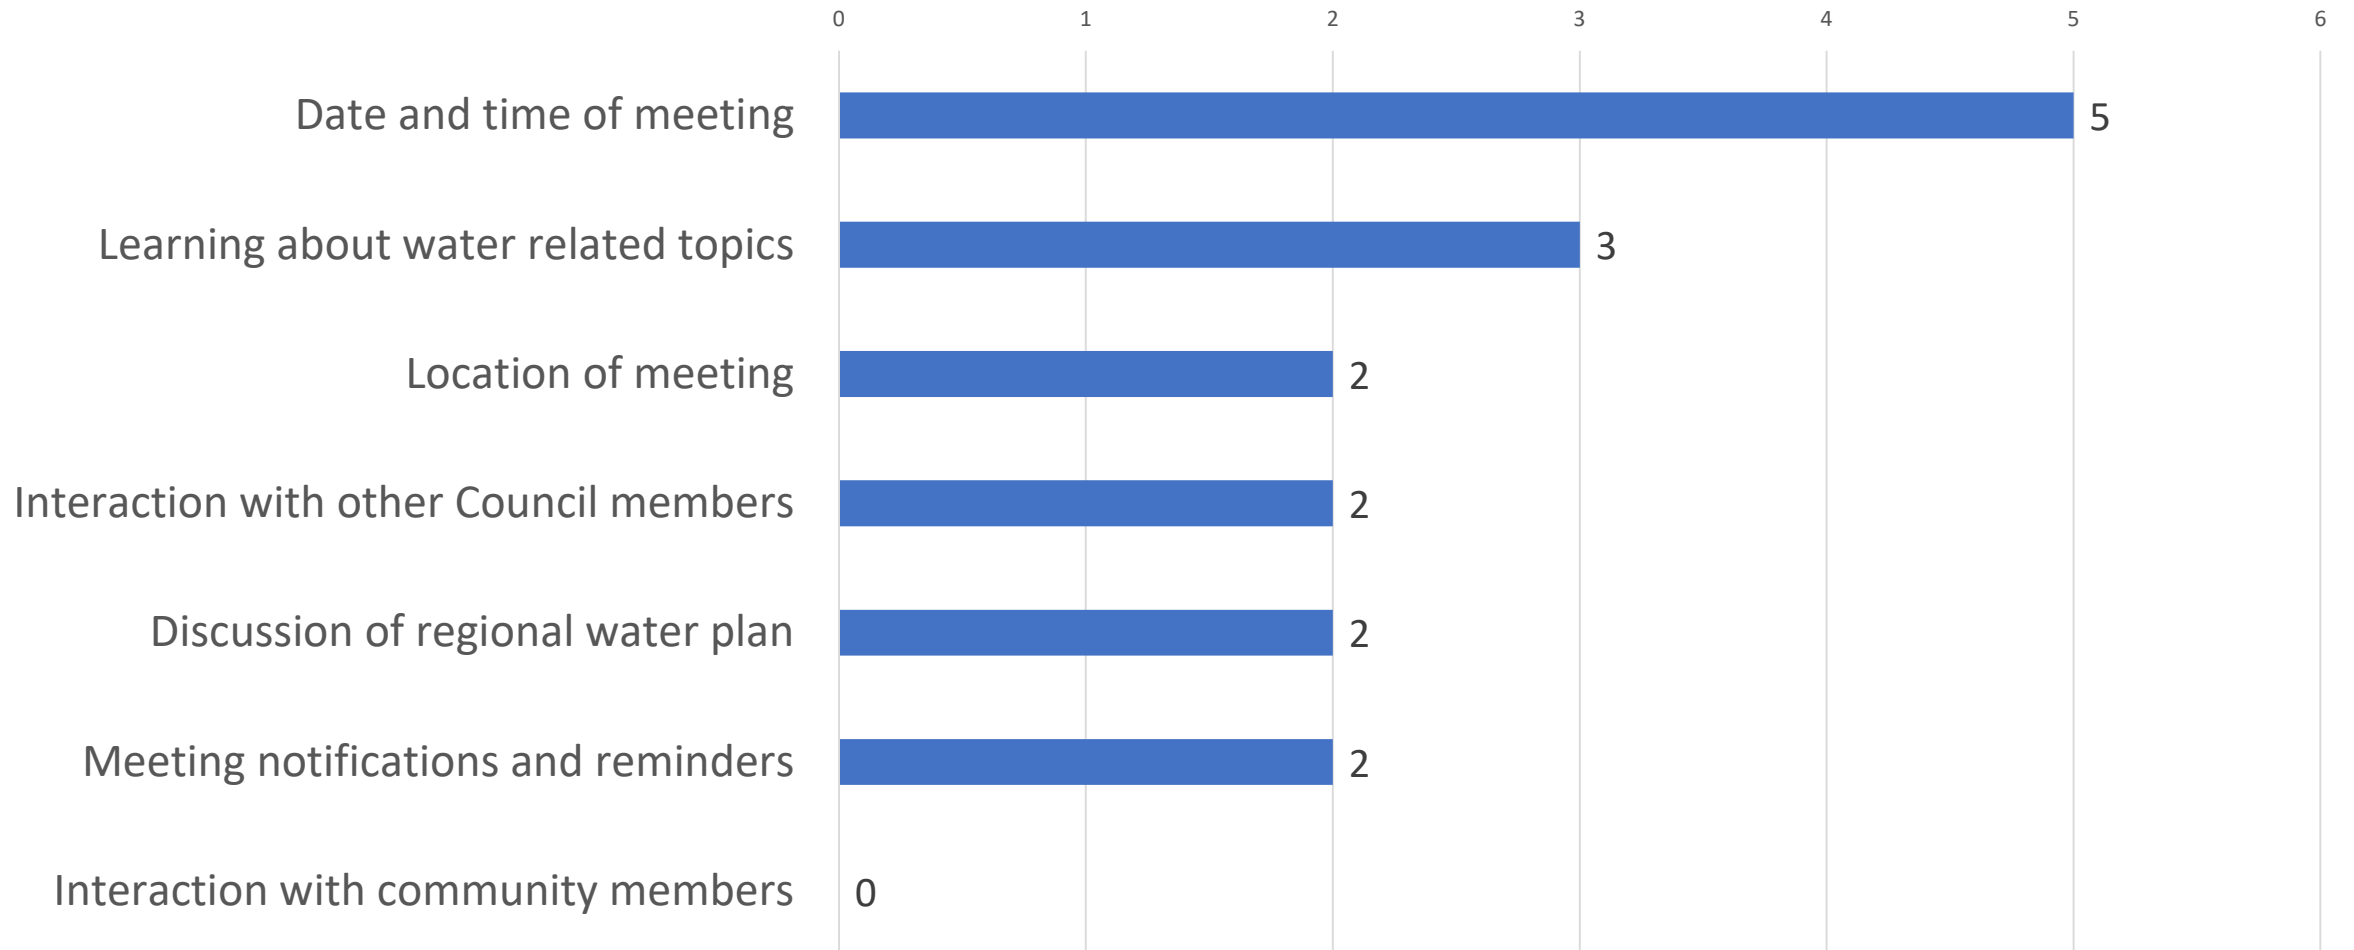

**How many Middle Chattahoochee Regional Water Council meetings
have you attended so far in 2018 & 2019?**

What factors make it more likely that you will attend a Council meeting?

(You can check more than one response.)

What suggestions do you have for topics to learn about at an upcoming Council meeting?

Drought	Forecasting, cycles Drought planning, awareness, and response
Algal blooms	
Other Actors in Chattahoochee Basin	USACE operations and hydropower contracts Metro District water resource management plans
Agricultural Water Use	Recent trends

Are there management practices, recommendations, or other parts of the regional water plan that you would like to discuss at an upcoming Council meeting?

Water Use	Shift to focus on consumptive water use
Water Quality	Sources of impact Targets for conservation easements Funding for incentives for BMPs
ACF Basin	Shift toward collaboration and away from litigation Status and implications of ACF litigation
Water Supply	Regionalization
Regional Water Planning	Similarities and differences among management practices in different region's plans

Do you have a suggestion for a possible field trip or presenter that would be informative for the Council?

Field Trips:

Water and wastewater treatment plants

Hydropower dams

GA Power's water research facility

Presenters:

Alabama Office of Water Resources – Tom Littlepage

USACE—Mobile District
